SNYDER'S "GLAD ACRES," CLAWSON, MICH.

MR. and MRS. GLAD FAN:

A very hearty Thank You, for the many fine orders you have been sending us. Your letters of commendation are very highly appreciated, and even though we do not answer all of them, it is only because in these days of help shortage, we do not have the time. But send them along; we sure enjoy them.

To new customers we wish to state that we will try to please you to the best of our ability with some very fine bulbs, of some of the finest varieties. We cannot grow all of the varieties coming on the market, but we do try most of them in our test garden, and pick the best to catalog for your gardens.

This year we are introducing five new varieties which we feel are outstanding in their respective classes, and which have already done quite well on the show bench.

We have been asked why we did not tell our customers of the many Ribbon Winners that we show each year. So this year here are some of the newer varieties that won for us at the S.E.M.G.S. show in Detroit, the only show we could get to this year, where for the third year we won the large silver S.E.M.G.S. Trophy and 38 Ribbons and Rosettes.

White Gold (the largest bloom in show) plus two other ribbons. **Exquisite**, winner in 3 classes, **Lois**, new introduction winner, a giant that is going places. **Black Diamond, Prelude, Spitfire, Glamis, American Commander, Redwin, Southern Drama, Rosa Van Lima, Firefly, Jeanie, Corona, and Oregon Gold** were winners of outstanding beauty. Many other varieties in our catalog bloomed too late, and missed going to the show this year. We try to show the new varieties so our friends and customers can see how outstanding they all are.

ORDER YOUR BULBS EARLY THIS YEAR!

We have a good stock of fine bulbs, but there will not be enough to go around this year, due to many growers going out of business, and none having adequate help.

Latest cultural directions included with each order.

SNYDER'S "GLAD ACRES," CLAWSON, MICH.

I had a lot of very fine spikes from the bulbs I bought last year, but of all the varieties, I liked Marjorie de Cou best. It was a perfect spike, and the most beautiful color in the garden.

MR. J. W., Pontiac, Mich.

Received my order for bulbs in good condition. I want to thank you for the liberal count and extras. Never bought finer looking bulbs from anyone.

MR. C. M. P., Lafayette, Ind.

The bulbs that I had from you last year were wonderful. We have never had such spikes and blooms as the ones from your bulbs. Will sure want more of them this year.
